

## **CONSTITUTION AND BY-LAWS**

In the spring of 2007, the Governing Board determined that the existing Constitution of the Club was cumbersome and difficult to follow. The Board appointed a Committee to redraft the Constitution. The Committee proposed that the Club adopt a basic constitution and a set of By Laws to govern the operation of the Club. This Constitution and corresponding By-Laws were adopted by unanimous vote of the Board of Governors on 20 May 2007.

Since that date, the By-Laws have been revised by the Board several times. There are footnotes on the latest adopted By-Laws showing which sections were amended and the date the amendment was adopted by the Board.
