

## PLACES TO DINE IN PATTAYA

Pattaya has numerous restaurants ranging from push carts to fine dining - something to fit everyone's price range. Don't want to eat out, than order in using one of the two food delivery services. Each person has their own tastes and ideas of what constitutes a fine meal or ambiance. We are listing here several restaurants that have been recommended by more than one member of the Club. If you have a favorite that you want to share, then please contact us with the name, location, and type of cuisine. Restaurants with a star are a featured restaurant offering a discount to Club members - more information on these restaurants can be found on the Club Activities and Benefits page under Benefits.
